International Professional Mediation Coach Training Course

Mediation Training Courses are designed on a performance-based approach to balance the teaching and practice of mediation concepts and skills with designated role-play exercises. Mediation Coach is one of the key participants in ensuring the high standard of our mediation training to enable the participants to receive credit towards professional mediator accreditation.

A Mediation Coach is expected to observe and guide role-plays, and to identify the areas for reinforcement and improvement of those participants of International Professional Mediator Training Certificate Courses as well as General Mediator Training Courses according to the standard specified by Academy of International Dispute Resolution & Professional Negotiation (“AIDRN”) and Hong Kong Mediation Accreditation Association Limited (“HKMAAL”). Participants will have the chance to understand mediation practice and latest development in the Mainland China. They will also be trained on how to effectively handle cross-border disputes.

An accreditation assessment will be conducted at the end of the course. Graduates who have achieved satisfactory results in the assessment and fulfilled the requirements specified by IDRRMI and/or HKMAAL may be invited to be the coach of the International Professional Mediator Training Certificate Courses organised by AIDRN and/or the coach of the General Mediator Training Courses organised by Hong Kong Mediation Centre (“HKMC”).
